

Chic in design and sharp to react

With its contemporary profile and its nicely rounded corners, the Silhouette combines an advanced technology with a look that fits in every decor.

The Silhouette convectors are controlled by three different types of ultra precise electronic thermostats. It allows you to choose the one that you need.

Integrated electronic thermostat

Back-lighted screen may be used as a night light !

{features}

color	white (W), almond (A) or stainless steel (SS)
finish	epoxy-polyester powdercoat
manufacturing	<ul style="list-style-type: none"> - 20-gauge steel case - air enters the bottom of the unit and leaves through the top grille - the case height allows the chimney effect - safe, rounded corners - easy access to controls - thermal protection with automatic reset
wattage & voltage	see the selection table
element	X-shaped aluminum element
control	<ul style="list-style-type: none"> - built-in electronic thermostat with LCD display (included with SIL series) - electronic wall thermostat (included with TE series) - programmable electronic wall thermostat (included with PT series)
installation	<ul style="list-style-type: none"> - surface mount - wall-mounted at 4 in. from the floor - hidden wall mounting bracket (included)
warranty	<ul style="list-style-type: none"> - 1 year (unit) - 10 years (element)

SIL

 **night mode**
night temperature lowering

 **LCD display**
temperature can be displayed in degrees Celsius or Fahrenheit

 **frost free**
frost free warning & OFF position

 **lock**
lock option at a maximum temperature set point
