

{electronic thermo-hygrometer}

{features}

color	white
manufacturing	battery 1,5 V AAA (included)
dimensions	4 3/4 x 4 3/4 x 1 7/32 in.
accuracy	· temperature : 1 °C (1 °F), humidity : 1 %
temperature range	· indoor : 0 °C ~ +50 °C (32 °F ~ 122 °F) · outdoor : -50 °C ~ +70 °C (-58 °F ~ 158 °F) · humidity : 15 % ~ 95 % (RH)
control	· electronic display of indoor humidity and indoor and outdoor temperatures · switch for indoor/outdoor temperature display · memory switch for minimum & maximum values of temperature & humidity · memorizes minimum & maximum values · waterproof exterior sensor with cable (included) · Celsius and Fahrenheit switch
installation	· wall mount hanger · fold-out stand for free standing use (included) · sensor with extremely thin cable for easily leading through the window sealing
warranty	1 year
