

For the ultimate comfort in the bathroom!

Would you like to heat your bathroom while warming your towels? Well, it is now possible with the **STW** thanks to its useful radiant panel. Two dimensions are available; you simply have to choose between 325 W or 500 W in accordance with your needs. Moreover, this swivelling unit has two efficient heating surfaces equipped with towel bars. Its easy-to-use buttons allow you to easily program the desired heating mode as well as the four drying options (15, 30, 60 or 120 minutes). Try it, you'll like it!
