SMART HOME HUB

Allia
ECOSYSTEM
PRODUCT

CONNECT WITH THE ALLIA HUB

Allia is our "total comfort" connected ecosystem for the smart home. Entirely designed and manufactured in Canada, it includes a smart thermostat, a hub, a mobile application and a host of connected products. The hub is the focal point of the ecosystem. It is the hub that allows you to create your smart home by linking all connected products through a single mobile app. The application has a number of features specifically designed to ensure your comfort and save you money on your electricity bill. Allia is more than just an ecosystem that allows you to control your heating smartly; it covers your entire home, from lighting to load controllers. Make Allia your ally!
