

RWF | PULSAIR™

WALL FAN HEATER

THE CLASSIC FAN HEATER

You won't find anything better than this efficient, durable and low noise fan heater. The Pulsair is extremely popular for many reasons. First, it can be recessed or surface mounted with a surface adapter (optional). It can also be mounted vertically or horizontally so that air can flow either up and down or right and left. Finally, the slim-line Pulsair can be recessed into a wall thickness of 2 in. to 3 in. While it's a winning heating solution for hallways or bathrooms, it can also be installed anywhere in the house, such as the office, or in commercial spaces. Its nichrome element provides instant heat. Available from 500 W to 2000 W, and from 120 V to 347 V, the Pulsair is recognized and recommended by those in the know.
