

UTB SERIES ELECTRIC BASEBOARD

QUALITY AT A REASONABLE PRICE

This electric baseboard's simplicity is marked by straight, clean lines that make for a classic and timeless look. This baseboard is the ideal choice to heat any room in your home. It's also the best choice if your budget is limited. This electric baseboard is guaranteed to meet your expectations!

HEATS ROOM QUICKLY

CAN BE CONTROLLED WITH A BUILT-IN OR WALL THERMOSTAT (SOLD SEPARATELY)

ELECTRONIC THERMOSTAT RECOMMENDED

IDEAL FOR:

BEDROOM, OFFICE, BASEMENT

COLOUR

white

FINISH

polyester powdercoat

MANUFACTURING

- 22-gauge steel casing
- full-length thermal protection with automatic reset
- optimal hot air dissipation configuration
- full-length wireway

ELEMENT

single tubular, stainless steel sheathed element with boxed aluminum fins for improved heat dissipation, securely fastened at the centre and floating in nylon sleeves at the ends to keep expansion and contraction noises to a minimum

CONTROL

- built-in thermostat installed in the right junction box (sold separately)
- wall thermostat (sold separately) – the use of an electronic thermostat is strongly recommended

INSTALLATION

- surface mounted
- knockouts for the BX and NMD cables located at each end
- oblong mounting holes spaced at one inch intervals along the top and the bottom of the unit

WARRANTY

two years, *ten years on heating element (for original owner)

THERMAL PROTECTION HIDDEN INSIDE THE JUNCTION BOX
